

Summer Drop 2025

It must start somewhere for everyone, and *for us it started in Ericeira*. This seaside town on the Portuguese Atlantic coast, by some considered the surfing capital of Europe, is our home away from home. When we first ventured outside Sweden, this is where we ended up. The surf might be colder than the winters back home, but it compensates with being great in every other way. Its inhabitants are born to be late but compensates with their hospitality. *We're proud to be a small part of this very special place.*
